## PPS Member Circle

Membership of the Professional Provident Society Limited (PPS) is open to graduate professionals completing or holding a qualifying 4-year degree.

With almost 200,000 members, PPS is the largest multidisciplinary group of graduate professionals in the world and the only company of its kind in South Africa that exists solely for the benefit of its members. The 'Power of Mutuality' enables our members to share in the profits of the company, whilst enjoying a range of exceptional benefits at great rates.

## Inspired beginnings

PPS was founded as the Professional Provident Society of South Africa in 1941, by a group of dentists, concerned about what would happen to them and their families, if they became ill and were unable to work. In 2001, PPS was transformed into the PPS Group, consisting of Professional Provident Society Limited (Limited by Guarantee) and PPS Insurance Company Limited. Since then, both the membership of the society and its service offerings have grown considerably.

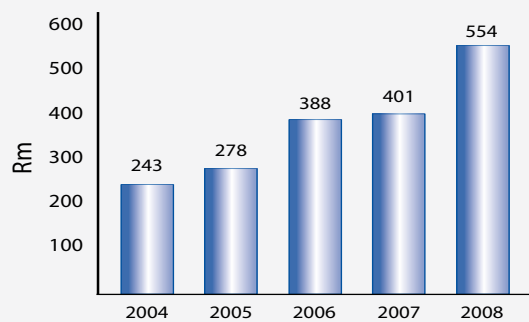

## Share in the success of PPS

PPS is a society that helps you secure your future and acknowledges your achievements.

Members of PPS can share in the success of the company through the unique *Surplus Rebate Account*. This is how PPS rewards loyalty. Over the past five years, members have shared in over R6.1 billion in profits!

The *Surplus Rebate Account* is exclusively available to members of PPS through the *PPS Provider™* range of benefits.

### Bonus allocations to members
